The Folio

1940

PUBLISHED BY THE SENIOR CLASS OF LEWISTON HIGH SCHOOL
UNDER THE SUPERVISION OF THE ENGLISH DEPARTMENT

JOHN J. BUTLER
Late Principal

Dedication

TO MR. JOHN J. BUTLER

In appreciation for all the years that he has spent in making for us a High School of which we can be truly proud; for the time and effort used to make responsible citizens out of our students; and for the fatherly advice and parental guidance shown to us; we, the Class of 1940, fondly dedicate this issue of The Folio to our beloved Principal.

Foreword

In presenting the 1940 Folio, the Editorial Staff expresses the hope that the members of this class will spend many pleasant hours recalling those by-gone days which these pages preserve for posterity, and will treasure this volume as their most prized possession.

At this time we want to make an effort to express our everlasting gratitude to Mr. T. Edward Conley without whose kindly word and conscientious supervision the work of putting out this volume of the Folio would not have been the joy and satisfaction that it has been to all who in any way participated in it.

It is with a sincere feeling of indebtedness that we also wish to thank Miss Margaret E. LaMontagne for her unselfish devotion in the task of supervising the typist staff, charged with the work of preparing copy for the printer.

Appreciation

Now that the time of parting has come, we, the members of the Class of 1940, have a pleasant duty to perform and it is with a feeling of joy and not of obligation that we wish to acquit ourselves of it as well as we can with mere words by saying that everyone of us will be indebted for life to Mr. Linwood J. Kelley, for his loyal devotion to and sincere sympathy for our every cause, as our Class Adviser during the past four years.

The Little Red School House

Everyone is proud of his school. Country folks look back to their little red schoolhouse with pride, joy and fond memories. Seniors of Lewiston High School look back to their little red schoolhouse with pride, joy and fond memories. There is no distinction. One might be a small single room cabin having an old wood stove in the center, surrounded by a rickety log bench; the other, a modern spacious building with all of the latest developments in engineering. The structural inequality means nothing. To everyone his schoolhouse is his seat of learning; a place of happiness, the meeting place of friendship, friendship unaffected by differences of wealth, race, religion; a place of peace and concord, two results of the spirit of earnest cooperation.

Do we all realize that those happy years spent in our little red schoolhouse have had a definite moulding influence upon our subsequent life? Historians can trace the philosophy and character of nearly every prominent historical figure back to the environment of his youth, back to the days of his little red schoolhouse.

In truth, the little red schoolhouse of yesterday exists no more in physical being. Yet the spirit, transplanted to a new environment remains intact. Like our predecessors we can all reminisce pleasant visions of the incessant bliss of the days in our little red schoolhouse.

Yes, we are proud of our little red schoolhouse, even though it isn't little.

On Our Way

Now that our high school days are over, I wonder if we realize the great responsibility and task we have before us, Several have the opportunity to go to college, which is, of course, a great advantage, but others will have to start right out into the world.

Do you feel that your high school days have been wasted, or have you taken full benefit of the training which has been offered to you? Are you old enough to take on this great responsibility or do you need more experience? There are many more questions like this that are annoying us, but now is the time to begin to worry about the things we did not accomplish. I am sure that, if a person has enough ambition and willingness to work, there is a position awaiting him in the world.

May the road to success be our route.

—*Barbara Vaughan.*

Undefeated Champions

We point with pride to Lewiston High's elevens, which have not changed their spirit of sportsmanlike endeavor and clean aggressiveness, despite the severe competition of teams. The material which formed this powerful varsity football team was the best in years. They managed to run through the schedule with no defeats. In no small measure is the spirit, the courage, and the determination of Lewiston High's football teams due to the sincere loyalty of Coach Henry Shanahan and his staff.

At Last

TIME: The near future.
PLACE: The new high school auditorium.

June has arrived at last and with it comes graduation. A long cherished dream has at last come true—the graduation exercises are to be held in the school's own auditorium.

Happy expressions are on the faces of the students as they admire their new accomplishment. A large modern auditorium with a large seating capacity and balconies. In the front of the hall is a large stage on which there is a piano and at the foot of the stage are large floodlights.

This is a great day for many. After years of hope and hard work, the goal has been reached. It certainly was worth all the work the pupils put in and thanks are due to many for, at last, Lewiston High School has an auditorium!

Little Things That Count

One day, I happened to meet a businessman whom I know very well and asked him if he had found an applicant for the position of office boy. He told me that many a young man had made application for the position, but they were not accepted because of minor details in their manners or disposition.

He told me, however, that a young man had come to his office to apply for the position, but failed to get it. I asked him why. He said, "You see, I have been in business for ten years and have interviewed a number of young men from high schools and colleges; but there is always some small detail that they lack. This young man came into my office and seemed very well bred. However, after the interview was over and I had taken his name, address, age, and other miscellaneous details, I told him that I would see him tomorrow. When he turned around to go, I noticed that the back of his shoes were not clean, his trouser cuffs soiled and the back of his coat torn. I told him that I had changed my mind. You are probably wondering why I did this. Well, in the first place, they are just small neglected details, but what would happen in a month, a year, or two years from now if he is not careful. He might be a big risk to my business and probably involve a great loss to the prestige of the business' reputation."

Now, boys and girls, take heed of this little incident to make yourselves perfect to the businessmen of our world. They will not run after you to offer you a position. They will not tell you that you are a risk to the business, but they will tell you that they do not need your kind. So, therefore, do your very best to please them.

—Roger St. Louis

Individuality

Did you ever stop to think that the differences in your personality are what distinguish you and set you apart from others? You cannot dismiss the idea by saying that you have no winning characteristics of your own, therefore, you must pretend to be something that you are not.

Most likely you do a bad job of being someone else. It is very difficult to remember always to do or say something in the way that you imagine your model would do it. Sometime you will forget. Think, then, how embarrassed it would make you feel.

The very things which others might admire in you may be just the qualities that you are keeping secret. If you know some peculiarity to be disagreeable to others, then that is a much different situation. Many times, however, this is not the case.

A person who conducts himself unnaturally makes others feel out of place, and soon becomes a tiresome guest. Whereas a person of ordinary qualities, using them to best advantage, puts everyone at ease and becomes an asset to any group.

And, after graduation, when we may meet outstanding people, who may influence our characters in many ways, we may remember to copy the best in other people, but let our chief aim be to develop our own individuality.

R. E. S.

Don't Forget It

Graduation Day! What a strange joyful feeling it brings to every proud senior. This is a day that will not have a duplicate, because it is a day whose very atmosphere is fraught with an excitement that quickens young hearts, and brightens young eyes. Its few short hours are divided in happily greeting friends who come to share the joy, and sorrowful bidding farewell to classmates who have been near through all the carefree school days.

On graduation day one also turns a page of the book of life to a new chapter which presents a clean, blank sheet to be filled with mysterious, hopeful journeys of the future. Then, too, on this day of all days one receives the proof of knowledge, gained during the life which lies behind.

Undoubtedly, it is one of those short moments of supreme happiness in life to be remembered until the end of time.

So don't forget it, and all it represents.

"Let me live in a house
By the side of the road.
And be a friend to man."

These few lines convey a great deal of feeling, a feeling of good fellowship, unselfishness, and a love for all mankind.

No doubt that, after we get out into the world, there will come times that we can "be a friend to man," in ways that bring no other reward than that satisfied feeling of a deed well done, so, let us live in a house, "by the side of the road."

Days That Are Past

Now that graduation is almost here, we stop and wonder where the time has flown during our four years here at Lewiston High School. It seems as though it were only yesterday when we assembled in the Armory to get our first instructions from Mr. Butler. We were all a little frightened, but so proud of ourselves we did not give fear much of a thought.

We supported athletic contests, dances, the plays, and minstrel shows. Other big moments in our freshman history came when we received our first copy of the *Booster,* our first warning card, and attended our first football game. Our freshman year seemed to be full of exciting things.

Then, our sophomore year rolled around. Our class sponsored the Sophomore Hop, as classes before us had done. This was a great success, thanks to the class officers and those who supported it. That year, the minstrel show and senior play were presented to a very appreciative audience. By the time we were sophomores, the "Blue Ticket" plan was introduced which was supported by many in school.

During our junior year, many of the boys and girls were on the varsity athletic teams. It certainly seemed good to see some of our own classmates wearing the "L" on their sweaters. The biggest social event of the year, the Junior-Senior, was at last presented by our class. It was wonderful and will be remembered by all those who attended.

Now, at last, our fourth year is nearing an end. We must admit we have studied hard, but have been rewarded by several good times. This year, it was our turn to give the senior play and it was a great success. Pictures have been exchanged among classmates as usual. We shall be separated by graduation. Some will find work, others will continue their education. No matter what we do, we shall always look back on these four years and we shall be able to say they were the happiest of our lives.

Our Last Plea

Since the first day that students stepped into the new high school building they have been clamoring for an auditorium.

It is not that they did not appreciate what had been done for them in giving them a new building, but rather they realized that an auditorium was just as necessary to the school as a chemistry laboratory.

This fight has passed down from class to class and now we, the class of 1940 have joined in the march. We feel that our prayers will not go unanswered, that our cup will not go unheard from, and that our pleas will soon get results. We, the present graduating class, want to renew the entreaty of our predecessors and we hope that the citizens of this great community will soon realize that Lewiston High School needs an AUDITORIUM.

OUR LATE PRINCIPAL
JOHN J. BUTLER

A Tribute to John J. Butler

No word written or spoken can adequately express the full measure of gratitude one feels for having known John J. Butler, for gratitude is not in words, but in one's soul. And deep within the souls of the thousands who came within the orbit of John Butler's influence welled the yearning desire to pattern their lives and shape their characters after his.

He came to us a young man and he has left us while still in the prime of his manhood. He came imbued with the spirit that makes dealing with youth a successful adventure; he has left us with our words of love and praise breaking with bitter tears. The abruptness of departure makes his non-return the more lamentable. We miss his rapid step, the sudden burst of gay infectious laughter floating down the corridors, the genial smile, and eyes twinkling with suppressed merriment. He was indefatigable. In almost twenty full years he was away from his desk for illness but two days. In the list of Lewiston's principals his name stands second to none.

"He was a good man and just." His influence over youth reached into far corners. How far? Who knows? As the funeral cortege, headed by a state escort, was passing along the highway and taking from the scene of his life's work a beloved educator, an oncoming car stopped. A lone youth emerged. He stood still, with bared head, and looking gravely at the bier gently and reverently said, "Goodbye, Mr. Butler."

John Butler might have lived on for many years to impress his fine influence on his school and community and the number of youths whose rich experience it was to have been at one time guided by him. One must say as he himself would wish one to say, "Fiat voluntas Tua."

Here was a man. Faithful to his God, faithful to his trust, faithful to himself.

All his attributes were those of a wise, generous, considerate, thoughtful, courageous and inspiring leader, cast in the same heroic mold that he himself was.

To his superiors, to his staff, to parents and pupils, he was unfailing in courtesy and kindness; no task too menial for him, nor too overburdening to accomplish alone. His ideals, too lofty to recognize pettiness, partisanship and selfishness, terms not to be found in his manly lexicon.

As an administrator, he stood out preeminently in his chosen field, a mine of wisdom and a pillar of rectitude, a counsellor and companion to his staff and a brother to his charges. A reprimand created an admirer, and a word of encouragement, a knight in armor. Reason and fairness made lasting allies. No problem too pressing or harassing but there was a moment for another given freely and unstintingly because of his great understanding heart.

So now, down a broader highway, he has passed where all that is good abounds. A golden crown, the guerdon of a full life, for he was Goodness,—itself.

The Booster Editorial Staff

The *Booster* editor staff under the guidance of Mr. T. Edward Conley offered full cooperation in presenting to Lewiston High School a paper well worthy of its name.

Tom Powers headed the editorial staff and was assisted by associate editors, Madeline Butler, Eugene Cronin, and Maurice F. Labrie. Others who made up the Cabinet were Marguerite Belleau, Doris Dexter, Theresa Levesque, Esther Randall, John Scott, Rita Silvia, Lawrence Spellman, and Karl Toner.

During the past year three new columns were featured by the *Booster*. These were "Among the Classes" with Marguerite Belleau as editor, "Am I Right or Wrong?" with Maurice F. Labrie as editor, and John J. Butler, Jr. writing a new column "Behave Yourself."

Our *Booster* reporters interviewed many celebrities during the past year. These included General Smedley Butler, Professor De Haas, Lucille Mudgett Dingley, and a new teacher Mr. Gilpatrick.

It is the sincerest wish of all who helped during the past year make the *Booster* a success that their efforts have not been in vain—that Lewiston High School has welcomed a better *Booster*.

The Booster Business Staff

The conscientious work of forty-five students, a business manager, and the faculty superviser made possible the financing of our school paper, the *Booster*. These members of the *Booster* business staff met at the very beginning of the year in Room 323 to organize their group and distribute the assignments of soliciting the local merchants for ads in our paper.

Mr. Joseph F. Mahan, the faculty superviser and Rose Gross, the business manager guided the staff very effectively and the result was a long list of advertisements, the financial backbone of our *Booster*.

The staff's duties are not completed with the soliciting of advertisements; there are three steps taken during the course of the year which the members of the staff must complete in order to fulfill their task of financing the *Booster*. These are as follows: (1) the soliciting of the advertisements, (2) the delivering of the *Booster* copies to the advertisers (each advertiser receives a *Booster* copy of each issue in which he advertises), and (3) the collection of the bills.

The *Booster* business staff and their capable leaders, Mr. Mahan and Rose Gross, have successfully performed these three steps; and we, the class of 1940, all join in extending our congratulations to this industrious group.

We also wish to express our sincerest thanks to Miss Margaret E. LaMontagne and her group of *Booster* typists for the many afternoons they sacrificed in order to help prepare the copy for the *Booster* printer.

Athletics

LINWOOD J. KELLEY, *Athletic Director*

Varsity Football

Coach Henry Shanahan brought his first season to a successful close by bringing his squad of Blue Devils out on top as State champions, completing a schedule of undefeated and untied games, scoring 108 points to the visitors 21.

Mexico was the first victim with a score of 6—0 on September 16.

Gibson was the star at the second game at South Portland, when in the last quarter he took a reverse punt and ran down the field to victory 7—3.

The Red Eddies were swept off their feet to the tune of 27—0 on September 30, with Boisvert and Gibson starring.

The Blue Devils were rewarded with a 13—0 victory over the Hebron Reserves on October 7.

One week later the Waterville team suffered the same fate with a score of 28—6. Co-captain "Jiggs" Delisle and "Dick" Gibson starred.

The sensational punting of "Dick" Gibson featured the Blue Devils' victory over Rumford on October 21; score 13—0.

Next in line, Cony went home vanquished on October 30 with a final score of 13—6.

The favored Bangor Rams on November 4, were defeated by a score of 30—6.

When the final whistle blew on November 11, and the Red Eddies marched off the field defeated by the score of 12—0, the valiant Blue Devils and their outstanding Coach and his Assistants, Mr. Shapiro and Mr. Cailler, exulted in the possession of the 1939 State Football Championship.

—Ira Pitcher

Varsity Baseball

There are but two seniors on this year's baseball team, first baseman, "Jiggs" Delisle, and pitcher, Rene Marcotte. Still the team is to be favorably compared with those two great Lewiston clubs that gained State Championships in 1938-39. It is just one of those all-around good ball teams, which seem equally good in all departments—hitting, fielding, pitching, base stealing, etc.

Coach Shanahan's main hope in bringing another championship to Lewiston High lies in the success of his star hurlers, Vilbon Boisvert and Rene Marcotte. To date Boisvert's record has been phenomenal, beating Hebron Reserves, 11—1, and Cony High of Augusta, 9—0. In the games against Hebron and Cony, he came within one single of turning in a no-hit performance and at the same time saw a grand total of 41 batters fanned by his fast ball. Marcotte, who put Lewiston in position to tie the leaders by beating Berlin, can also be counted upon to win a goodly number of games. In event of trouble Coach Shanahan can always call upon Delisle, Parent, Lavoie, Reny or O'Hara for effective pitching.

Catching and batting in cleanup is Norm Parent; at first, "Jiggs" Delisle; second, Bill Wade; third, Allen Robertson; ss, Bob Boulay or Ferguson; lf, Bouchard; cf, Ferguson or Boisvert; and rf, Bill Leahey. With this dependable lineup the future of this year and next year look pretty bright.

—*John Grant*

Varsity Basketball

The 1939-1940 basketball season was one worthy of credit for Lewiston High School. Playing eighteen games during the semester, the Blue Devils split even—winning nine and losing nine.

Considering the poor start of the Devils in getting into their winning stride, they played effectively through the home stretch of their schedule. After having lost six consecutive games, they displayed marvelous form and efficient playing to win eight of the remaining ten encounters. Three of these victories were chalked up against the trio of leading teams of the state, namely: Cheverus, Morse and Waterville.

Twenty-four students reported for a tryout with the varsity squad at the opening of the season, and sixteen remained throughout the semester until about three weeks after the M.P.A. tournament. The players who completed the season were: Delisle, Boisvert, Mitchell, Gibson, Robertson, Brimigion, Lavoie, Lynch, Bailey, Tewhey, Eretzian, Maliar, E. Bergeron, Bergeron, O'Hara and County. "Jiggs" Delisle, "Pancho" Boisvert, "Dick" Gibson, "Al" Robertson, Mitchell, "Bill" Brimigion, "Norm" Lavoie and "Porky" Bailey were the ones who saw the most action in the contests during the year, but all of them made fine showings in the games.

Some of the outstanding athletes of Lewiston High School are in our class of 1940 and we expect to see these students in sport headlines in the near future.

—Robert Fontaine

Winter Sports

The work of the Winter Sports team, an organization which has steadily improved under the leadership of Mr. Alton Lessard was climaxed this winter with its first annual carnival and ball, both successful affairs. Three schools were entered; Rumford, the winner with 81 points, Edward Little, second with 65; and Lewiston, third with 63.

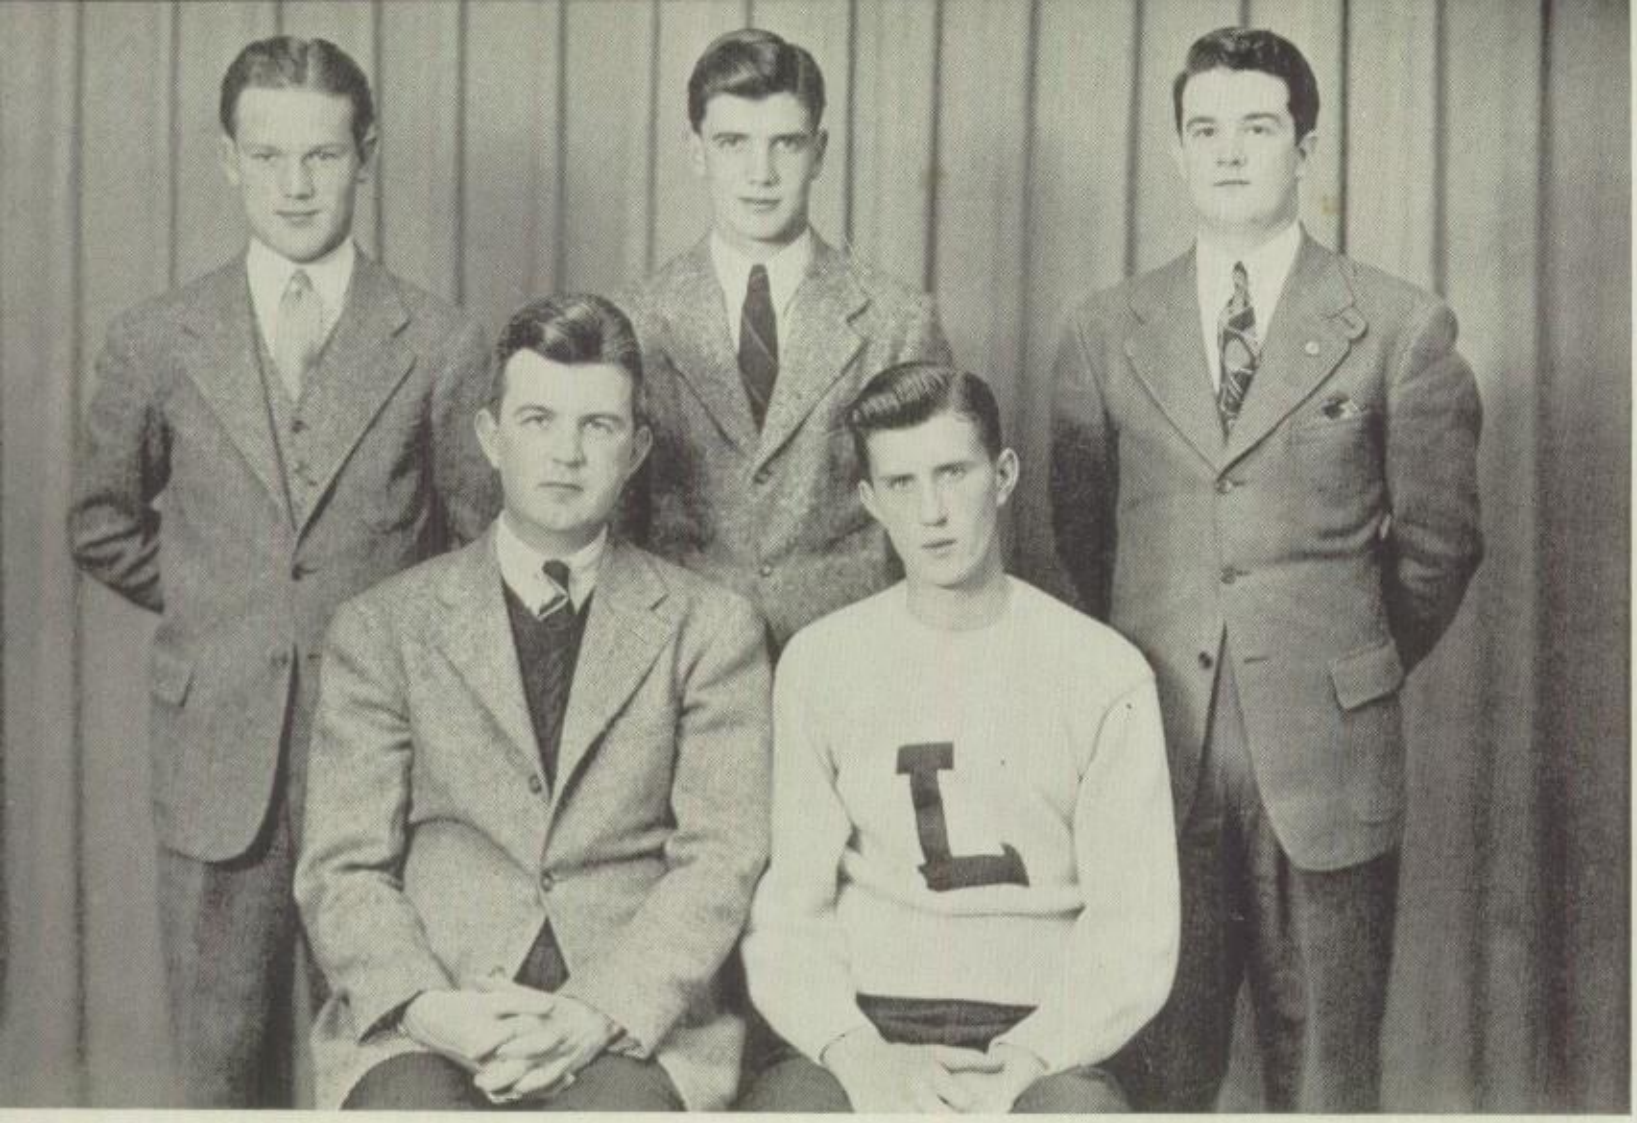
The Lewiston boys making the highest scores included Sonny Pitcher, Tom Powers, Bob Anderson, Charles Morse, John Kneeland and Albert Ehrenfried. Medals and other prizes were awarded to the winners and Jeannette Roy was crowned queen at the Carnival Ball in the evening.

Bartlett, Powers and Pitcher were the high point men at the Rumford meet January 20 where Lewiston placed third. Later in a dual meet at Rumford on January 27, Steve Bartlett was high point man for Lewiston with Powers, Ehrenfried, Vernon and Pitcher scoring a total of 8½ points.

A new state record of 1.04.4 was attained when the Lewiston team captured first place in the medley race in the State Meet at Caribou on February 19. Bartlett, Anderson, Ehrenfried, Powers and Pitcher made up the Lewiston squad that placed fifth in a field of ten.

Coach Alton Lessard deserves the whole-hearted commendation of the school for his excellent training.

—Ira Pitcher



Boys' Golf Team

Last season the team was tremendously successful. Not only did they win most of their matches, but they came through with the State Championship. The boys playing on the team were as follows: Raymond Lebel, Harold Mitchell, John Sullivan, Sherman Carr, and John Kneeland.

This spring the boys have been rather slow in getting started because of the late weather. But in spite of that, they have played one match with the Bowdoin Junior Varsity, ending in a 3-3 tie. This year's team is the same as last year with Shermie Carr and John Kneeland running neck and neck for fourth man.

Mr. Drake has coached the boys since 1936 and has arranged all the matches. This spring the team has matches scheduled with Thornton, Edward Little, Brunswick, Cheverus, and several others.

Mr. Drake will be greatly handicapped next year because Lewiston loses four of its best golfers by graduation. The only stand-by he will have is John Kneeland who certainly knows his golf and who will be a great asset to Mr. Drake as the nucleus of a new team.

—Betty Lever

Girls' Golf Team

Since girls' golf was not mentioned in last year's FOLIO, this writeup will have to do for both years.

As far as we know Lewiston High is the first school in the state to have a girls' golf team. Because of this fact, the girls were unable to find any competition. The boys finally consented to be our first victims, and victims they were. Confident of an early victory the boys gave our team a two stroke a hole handicap with the result of a victory for the girls. (Ah well,—what could you expect!) Last year's team consisted of Anna Bendsten, Betty Lever, Louise Lown, and Esther Randall. As the season rolled on the girls played the boys in a Scotch foursome with Betty Lever and John Sullivan leading the pack. This year's team still finds Betty Lever, Louise Lown, and Esther Randall as veterans with Jacqueline Butler and Lois Metayer as newcomers.

Miss Sylvia Supovitz has ably coached the girls for two years and we hope she will continue her good work.

Last year the matches were played on the Riverdale Course, but this year they were switched to Martindale Country Club.

We sincerely hope that next year will find the golf team in full swing again.

—Betty Lever

Varsity Hockey

The Blue Devil Hockey Team completed a fourteen game schedule winning ten and losing but four games.

The team got off to a flying start taking the first five games in a row; defeating Waterville 5—2, Lisbon Falls 9—2 and 4—0, Wilton 3—2, and the Hebron Reserves 4—3.

Lewiston's first defeat was a 7—4 setback at the hands of the Waterville High Panthers; however, the Blue's chief cause for worry was a classy sextet from Cony High which defeated our team twice to the tune of 4—3 and 4—2 scores. Other victories were 4—3 over Wilton, 6—1 over Gardiner, 2—1 over the Hebron Reserves, 8—0 over Canton, and 4—2 over St. Mary's Cadets. The final game of the year was dropped by a 10—2 score to the St. Dom. Reserves.

Prospects for next year's team seem very promising though the services of Marcotte, Minnehan, Miller, Longley, Deschene and McMahon will be sorely missed.

Varsity Swimming

The Lewiston High School swimming team met with some very tough opposition this year, and as a result captured only one victory, this being against Hebron Academy. Lack of practice facilities severely hampered the team. The Auburn "Y" had to be used as the pool for the practice sessions, and often all of the squad could not get over to it, due to inclement weather or some such reason. More boys would have joined the team, making it possible for more victories, were it no so far.

Seniors this year that we are going to lose through their graduating, are "Dick" Warren and "Bob" Anderson. "Dick" who captured many firsts and did well in the State meet, excelled in the Free-style. "Bob" Anderson, who mastered the backstroke, also placed in the State meet. "Rupe" Miller, another free-styler, will also be lost to the team.

The team was directed by Harold "Bud" White who also coached the Edward Little team. Next year, however, it is expected that "Bud" will take Edward Little's team and "Bob" Nelson, of the "Y", will coach the Lewiston mermen. Several veterans will be left to carry on, hoping for a more successful season, next year.

Track Team

The track team during the past year met with marked success although the won and lost column did not do them justice.

On April 25 our tracksters met a strong University of Maine Frosh team and an equally strong Deering High School team at Orono. In this meet Lewiston scored seventeen points against twenty-two for Deering and sixty-nine for the Frosh.

Two weeks later our boys met the forces of Hebron Academy and the Bates Frosh at Garcelon Field. Here the Blue Devils scored seventeen points against forty-nine for Hebron and forty-seven for the Frosh.

The most illustrious win of the season came on May 24 when our boys defeated the forces of Edward Little 72—49.

Due to a misunderstanding in dates our team was barred from the State Meet in Portland on June 1.

Outstanding performers for Lewiston were Brimigion in the hurdles, broad jump, high jump, and pole vault; Powers in the quarter mile; Miller in the weights and the half mile; Palman in the weights; Lachance in the javelin; Mitchell in the high jump and Tartre in the pole vault.

Girls' Athletics

Through the serious and constant study of Mr. Linwood J. Kelley, a larger and more varied schedule for girls' athletics was started this year.

By studying athletic programs and questioning students, Mr. Kelley introduced the point system to Lewiston High School. The main purpose of this system is to present many new sports which will induce students to participate. Instead of stressing varsity games, interclass games are of greater importance.

The first award is received when fifty points have been earned. The second, after one hundred points, with the exception that any senior girl who earned fifty points received the school letter. In order to receive the third award, an honorary one, a girl must be a senior and must have a good scholastic rating. Her selection must be approved by the Girls' Athletic Association.

Miss Frances Cronin, Miss Catherine Salter and Miss Alice Cote have done much to help this program.

The following is a list of the sports introduced and the points received for each:

Ten Point Activities are: Basketball, Volleyball, Softball, Track, Swimming, Showers, Tennis, Hiking, General Physical Examination and Physical Education. Five Point Activities are: Riding, Horseshoes, Weight Record, Golf, Bicycling, Bowling, Roller Skating, Badminton, First Aid Course, Outing Club, Playday, Dental Certificate, Eye Certificate, Tuberculin Test, Archery and Officers Athletic Association.

—Anna Liarakos

Tennis

Tennis became popular at Lewiston High School in 1937, but due to lack of suitable facilities no formal team was organized. However, the following year some of the students began earnest efforts to form a team, and with help of Mr. John Manning, our most able tennis coach, some arrangement was made and Lewiston High School had its first tennis team. Not many matches were played that year, because we had no tennis courts and the team was unable to have daily practice. In 1939 the boys constructed tennis courts behind the high school. After these were completed, the team took on new members, had regular practice, and scheduled matches with outside schools. Also in the fall the tennis team sponsored a tournament open to anyone in school wishing to compete.

This spring, due to the absence of Mr. Manning, Mr. Gilpatrick with the assistance of Howard Kenny, captain of the Bates College tennis team, is coaching the tennis team.

Most of the outstanding tennis men are graduating this year, but, Louis Scolnick, Lawrence Spellman, Kenneth Sullivan, Richard Moulton, Eric Hirshler, Phillip Isaacson, and Roland Levesque are all able to continue the good work which Albert Ehrenfried, Maurice F. Labrie, Harold Lown, Robert Levin, Russell Landry, Edmond Tartre and Blackie Eretzian have done during their high school careers.

Organizations

Dramatic Club

The Dramatic Club this year has been divided into two groups because of the large number of interested students. The club has put on a few plays at the Bates' Little Theater, coached by Bates students. These plays were enjoyed by both the participants and other members of the club.

One morning, Professor Robinson of Bates College came up to school and gave a talk on stage make-up, etc. We found him to be very interesting. We hope that the Dramatic Club will continue to be as interesting to future students as it has been to students in the past.

—*Natalie Deane*

Rifle Club

In the month of December, 1930 the Lewiston High Rifle team was born. Five years previous we had a rifle club, but due to the casualty that occurred in the Auburn Rifle Club, the sport was dropped for a few years.

The first meeting was called and fifty-five boys wanted to become members. After a few weeks the number dwindled down to twenty members.

Mr. Ben Hodgman, of the Lewiston Police Force, was chosen as our instructor. Practice was held in the Armory and many interclass matches were held. A match was scheduled with Cony High, but due to the shift of Mr. Hodgman's hours, the match had to be cancelled. We were left without an instructor for the remainder of the season and slowly but surely the club broke up.

We sincerely hope that if a Rifle Club is started next year the members will get right in and plug for it. Find an instructor, learn the fundamentals of rifle matches, then get out and make a name for Lewiston High School.

—*Bernard F. Parker*

Stamp Club

This year the chief interest and main project of the Stamp Club has been to start a scrapbook, into which will be placed in the coming years, United States stamps and literature concerning stamps.

The meetings are devoted to the study and origin of stamps. The club has held many stamp auctions and exchanges during the year; so that the members could obtain stamps that they wanted. The club meets every other week and the dues are five cents a month. There are twenty-seven members this year from all classes.

The following officers have served this year: president, Raymond Fuller; vice-president, Maurice Picard; secretary-treasurer, Arlene Beaumont.

Camera Club

Although one of the younger organizations among the school's extra curricular activities, the Camera Club has performed a definite service to the school.

This club was originally instituted with the aim of bringing together, to a point of helpful cooperation, all students interested in the ever-increasing field of photography.

This year the Camera Club assumed the beneficial project of providing the individual student's records in the office files with identification pictures, thus proving that this group could well serve the school.

A summary of the club's program reveals several contests held among the members, participation in the National High School Salon of Photography, a camera trip by bus to several scenic places in Maine, and the compiling of an album to represent the group's photographic accomplishments for the year.

The Camera Club's officers were headed by Albert Ehrenfried as president, Robert Vernon acted as secretary, and the Executive Committee included Eugene Woodcook, Albert Perron, and Laurence Nadeau.

The unit was ably guided by A. Alden Woodworth, Superintendent of Schools, with the cooperation of Mr. Joseph Mahan who served as faculty adviser.

—Albert Ehrenfried

Riding Club

Riding is one of our sports that has not obtained the popularity of golf or swimming. So far the girls are the only active ones, although several attempts have been made to arouse interest among the boys.

During the winter, classes were held in the basement of the Armory, but as soon as the roads were dry enough, classes were transferred to New Gloucester. Mr. and Mrs. Stephen W. Burns were the instructors.

In the fall, an interclass horse show was held and each girl's skill was based on hands, seat, posture, legs, and her ability to handle the horse. Girls who were experienced were allowed to explore the numerous trails and bridle paths. At the end of the school year, the girls who had successfully passed a test given by "Steve" were allowed to go on a horsehike. These hikes are an all-day affair and certainly give the girls lots of experience as well as pleasure.

For the past three years, Miss Frances Cronin has been faculty adviser for the club and has done a grand job keeping the girls together.

We sincerely hope that the girls continue this club and do their share in convincing the boys that riding isn't just for girls.

—Betty Lever

Hi-Y Club

"The purpose of the Hi-Y is to create, maintain, and extend throughout the school and community, higher standards of Christian character."

It is with this axiom in mind that the Lewiston High School Hi-Y Club continues to devote its time toward making such improvements in and about the school as the members deem necessary.

This year the group undertook the task of furthering the school's campaign for an auditorium and a gymnasium. Over one hundred questionnaires were mailed to high schools in this state. These were so written that they, when answered, would supply a fund of information that would greatly stimulate interest and enthusiasm in Lewiston High School's cause. The results were gratifying and again the Hi-Y Club upheld its purpose.

Albert Ehrenfried filled the office of president, Robert Anderson, that of vice-president. While Karl Toner acted as secretary, John McCarthy, as treasurer and Ira Pitcher, as sergeant at arms.

Aero Club

The Lewiston High School Model Aero Club was founded in 1936 by John Spellman, Class of '39 and John Googin, Class of '40.

Mr. Ernest Curley of the faculty has served as faculty adviser for the club which consists mostly of boys, having had only two girl members in the history of its existence.

John Googin served as president of the club for three and one-half years before he ceded his office to Lawrence Spellman, '41 in the elections of February, 1940. Other officers elected at this time were: vice-president, Joseph Shufeldt; secretary, Paul Lafond; treasurer, Norman Stowe, who was later replaced by "Red" Clairmont; and librarian, Fernand Labrecque.

Periodically throughout the year indoor model contests are staged at the Armory and once each year a mammoth outdoor contest is held. "Champs" in individual classes are: indoor Flying Scale, Fernand Labrecque; glider, John Googin; "Stick" John Googin; and Solid Scale, Lawrence Spellman. In the outdoor events, Googin led in Fuselage Endurance Contest while Spellman holds down the records for both Outdoor Stick and Glider.

Vikings Club

Under the valuable guidance of Mrs. Kathleen Young, club adviser, the Vikings have come to the end of another successful year.

Primarily, the club is an organization devoted to travel. Books dealing with this subject are reviewed by the members at each meeting.

At various times during the school year, the Vikings are privileged to hear talks given by persons who have gone abroad. This year, as well as travelogues, the club was fortunate enough to have several women speakers who are prominent in professions. For, as well as for the enjoyment of each of its members, the club is interested in insuring success to those of its members who are to graduate.

An annual dance is sponsored by the club to raise money for the distribution of Christmas baskets to the needy. The profit made from the sale of Christmas Cards is also used for this purpose.

The members hold candy sales and a rummage sale each year. A banquet is the fitting manner in which the year is closed. For the past two years, this affair has been held at Poland Spring.

As well as promoting good times for its members, the Vikings Club endeavors to include girls of many different nationalities and walks of life. In this manner, it is felt that not only a spirit of good feeling may prevail, but also that its members may be trained to a better understanding of the principles of democracy, and thus to loyal citizenship.

Maine-iacs Club

After three successful years of leadership among Lewiston High School extra-curricular activities, Miss Affie D. Weymouth, adviser to the "Maine-iacs", deserves a great deal of credit in founding this organization, an organization of unusual interest and importance inasmuch as it fosters a lively interest and an understanding of the people, the commercial interests, and the history of our State of Maine.

Since the club was first formed back in 1936, it has enjoyed one of the largest memberships of any school organization. However, membership is open to only those who are elected by closed ballot which usually numbers about thirty-five members.

Among the many interesting programs held took place in the form of imaginary trips throughout Maine along with the exhibition of several interesting pictures of the many show places of Maine. Students gave talks on interesting items dealing with this subject and it was surprising to many of us what beauties and pleasure can be derived from our own State of Maine. It is hoped that in the future the club will be able to take an automobile tour or even a sail throughout the 365 islands of Casco Bay which we have read so much about. Members have also enjoyed movies depicting life in Maine, her industries and her beautiful scenery, shown by Joelle Hiebert.

This club, started in 1936 by Miss Weymouth, is open to Sophomores, Juniors and Seniors. It is certain that the Maine-iacs of the class of 1940 will not soon forget those enjoyable Monday afternoon meetings.

—Howard Lewis

Reading Club

The Harriet McCann Reading Club, under the direction of Mr. Rossiter Drake, spent a very successful and enjoyable year in the study of literature.

The purpose of the club is to promote better reading. Many books by prominent authors were reviewed, and reports were given by the members of the club at the meetings which were held every two weeks.

At the first meeting of the year, Miss Annie L. Barr, Lewiston Public Librarian, gave a very interesting talk and suggested many good books.

Although this is not one of the largest clubs in school, the Reading Club has done a great deal to make students recognize and enjoy good books.

Standing Room Only best describes the LHS 1940 dramatic production of "What a Life." The audience roared with laughter every time Henry Aldrich, portrayed by Bob Simpson, walked on the stage. The plot of the play was built around the difficulties encountered by Henry in trying to get his girl friend, Barbara Pearson, to attend the annual Spring Dance with him.

The silent parts of the extras were portrayed by Lorraine Landry, Bessie Kesaris, Helen Meskis, Rosita Pelletier, Richard Taft, John Lapukas, Erich Hirschler, and Merle Paradis.

A large part of the credit should be given to Miss Eleanor McCue, who so successfully directed the production; also to the managers, Bessie Kesaris, Esther Randall, Maurice F. Labrie, and John McCarthy goes due credit.

The Band

Perhaps one of the hardest things to do is to start a band, a good band. Our band is started and we are doing a pretty good job, considering the length of time we have been organized. When we played together for the first time we numbered a mere twenty-five or so, whereas today we have attained the membership of eighty. Some of our players have had experience in the field of dance music and outside orchestras and some of us are true beginners but altogether we do pretty well. We have not made many public appearances because our conductor is wise enough not to let us appear until we are good enough to be listened to.

One of the first things we did as a band was to elect officers and try to obtain some kind of a repertoire. This last is rather important if we are to stay interested in a band. If you have to play childish, dull, drab pieces which bring groans to the lips of the musician, interest will soon wane.

As we progressed, our selections have increased in difficulty and have therefore become more interesting. The required composition that we had to play for the Waterville Music Festival was hard enough so that the mastery of it gave us some little satisfaction.

Although some of us will leave the band this June, we shall not lose interest in it and we shall all look forward to seeing the band in its new uniforms.

—Dorothy Smith

The Orchestra

The orchestra's first year under Mr. Robinson proved to be a successful one. The group made its appearances at the Senior Play and on the Graduation Day Program.

At the Senior Play, the group presented several selections and played "School Days," a very appropriate tune for the occasion, to lead in each of the acts. At graduation Mr. Robinson's organization rendered "The Mikado," a descriptive overture.

Although the orchestra's public performances were few, it did accomplish much in the line of music, and gave considerable experience to underclassmen who will create a firm foundation for musical aggregations of coming years.

The string section was the first to be organized, this rehearsing several weeks with a pianist, Theresa Gendron, before the flutes and woodwinds were added. Finally the brass, selected from the band, was entered and the unit was complete.

The personnel included Beatrice Woodworth, Albert Ehrenfried, Doris Chapman, Gloria Pasquale, Constance Michaud, Ruth Sullivan, Amy Begert and Marcel Andrews as violinists; Mildred Goss and Beatrice Ross playing flutes; clarinetists, Louis Scolnik and Robert Vernon; and Howard Dion and Rene Bedard on trumpet; Raymond Beaudette on trombone; and Dorothy Smith and Clifford Woodbury playing horns. Theresa Gendron was the pianist.

Rehearsing several times weekly, these members felt that they profited immensely by Mr. Robinson's particular manner and by the instruction and numerous suggestions which he frequently offered.

Prize Speaking

MISS NELLIEMAE LANGE, *Debating Coach*

Debating Squad

The first main event on this year's debating calendar was the annual Bowdoin League debate held December 10. The debate proposition dealt with the admission of refugees. Lewiston, although it received no prizes, was ably represented at this affair by Robert Levin and Jack Fahey.

Members of the squad were active during the interclass debates on this question. Madeline Butler and Robert Levin, were interclass champions. They also defeated Foxcroft Academy in a practice debate, as did Jack Fahey and Florence Thibault.

Madeline Butler and Jack Fahey were the champions of the interclass tournament on the Bates League question.

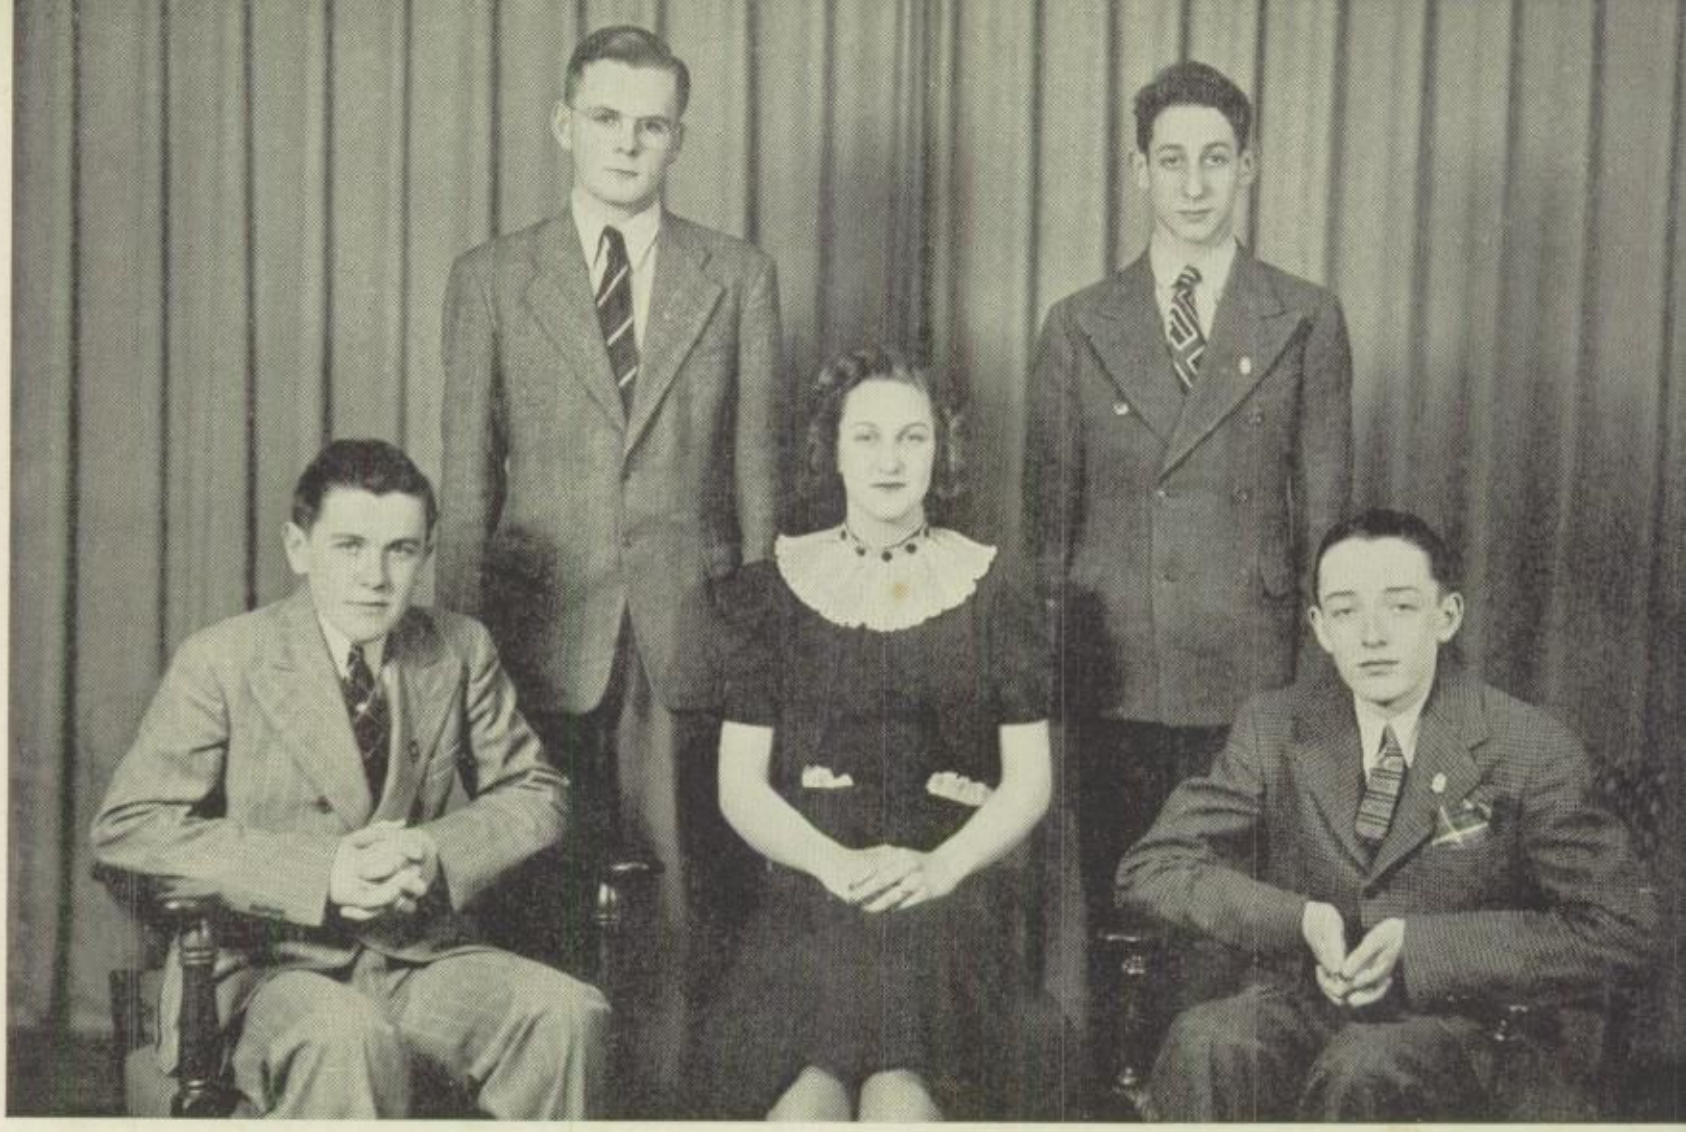
The Lewiston High debaters played host to twelve Maine Schools on February 3 at Lewiston's first debate tournament. Twelve of our students debated, winning eight of their twelve debates.

Portland and Winslow High Schools also conducted tournaments, in each of these tourneys twelve LHS debaters took part, and won nine out of twelve debates.

Practice debates were also held with Edward Little and Hebron Academy. Decision debates with Colebrook Academy, winner of a New Hampshire tournament, were won by both our teams.

At graduation the following students will receive their National Forensic League keys: Robert Simpson, degree of excellence, and Lawrence Spellman, degree of excellence. Madeline Butler, who received the degree of honor last year, will receive the degree of excellence this year. Robert Levin and Jack Fahey have attained the highest degree in the League, the degree of distinction, which has been won only once previously by an LHS debater.

—*Madeline Butler*



Bates Interscholastic Debating League

For the second consecutive year, Lewiston High School was represented in the finals of the Bates Interscholastic Debating League held at the College. This was made possible by the success of the debaters who made such a good record in the preliminary and semi-final rounds.

In the preliminaries on March 19, the negative team, composed of Robert Levin, a Senior, and Lawrence Spellman, a Junior, was defeated by Rumford in a 2—1 decision. On March 20, the affirmative team, Madeline Butler, a Senior, and Jack Fahey, a Junior, won a unanimous decision over Edward Little. Jack Fahey was the best speaker of the debate.

In the semi-finals on April 19, Lewiston defeated Wilton Academy, Newport High and Winslow High. In the first two debates, Jack Fahey was best speaker; the latter, Robert Levin. By winning these three debates with nine judges' votes out of a possible twelve, Lewiston was placed in the final round. Only three out of thirteen semi-finalist schools were chosen for the finals.

In the final round which consisted of debates between Portland, Traip and Lewiston, each school won a single debate with a 2—1 decision. Lawrence Spellman was best speaker in his debate. In order to settle the championship, it was necessary to resort to supplementary rating sheets, and as the result, by a very narrow margin, Portland was first; Traip, second; Lewiston, third.

Our debaters received bronze medals as a reward for their very excellent work.

Much praise should be given all the debaters and to Madeline Butler and Robert Levin above all because they have both served on the teams which entered the finals last year and again this year. Both have attained high degrees in the National Forensic League; Mr. Levin, the degree of Distinction and Miss Butler, the degree of Excellence.

—Madeline J. Butler

Prize Speaking

The annual series of prize speaking contests was headed by the Washington Prize Medal Speaking Contest held in the school library on April 4. Jack Fahey and Lawrence Spellman were tied for first place but as each has received the medal before it went to Miss Cecilia Butler, second place winner. The participants in this contest were: Jack Fahey, Lawrence Spellman, Cecilia Butler, Eugene Cronin, Louis Scolnik, Therese Dumais, Robert Simpson, and James Leatsakos.

Six students represented Lewiston High at the University of Maine Speaking Contest April 26: Cecilia Butler for serious reading; Madeline Butler, extemporaneous speaking; Lawrence Spellman, original oration; Robert Levin, group discussion; Jack Fahey, declamation; and Robert Simpson, humorous reading. In this contest Robert Levin, Lawrence Spellman, Jack Fahey, and Cecilia Butler placed first in their preliminary groups; in the finals, Robert Levin and Lawrence Spellman received medals for first place, Jack Fahey for third, and Cecilia Butler for fourth.

Jack Fahey represented the school at the Lydia Spear Speaking Contest April 27, placing first out of ten in the preliminary group, but being eliminated in the semi-finals. He and Lawrence Spellman spoke at the Montgomery Contest at Colby College, May 3. Jack Fahey was chosen for the finals, and was ranked sixth among the eighty boys from all over New England who took part in the contest.

The Class Ode

1940

(Air: *"Love's Old Sweet Song"*)

Written by Dorothy Winslow Smith

Love for our school is recognized at last!
Fond mem'ries cling of days that now are past,
Now comes the dawn, but let's not be forlorn
Sad in the fact that soon we'll all be gone;
For to the world our feet will gayly tread
Firm with the help and hope of those who have led.

CHORUS

Just a pray'r of kindness, just a helping hand,—
These will lead us forward to our foreign land;
Never shall we falter, mem'ries so well lived,
Keeping us forever in heaven's light, and living in the right.

* * *

Sadness is something youth must never know!
Ne'er be discouraged when the world is low;
Shoulder your burden, saddle every care,
Think of the joys of which we all have a share;
Think of the school whose laws we still obey,
Ideals still followed from day to day.

CHORUS

Castles in Spain

Ragged, barefoot Jose smiled, and the sunny skies of Valencia grew brighter. For Jose had just spent his last centimo to purchase a ticket for the great national lottery of Spain.

Jose, the fruit-vendor, and his one-eared donkey were a familiar sight in the narrow, winding, cobbled streets of Valencia. He was as poor as the beggars who frequently approached him, but each year when the lottery season rolled around, Jose had his treasured ticket carefully placed in a deep pocket. And each year when the lottery season had joined others of the past, Jose's weary feet were still treading the dark, gloomy streets. How his friends then taunted him! But Jose would swallow the lump in his throat, smile wisely, and say nothing. Next year, he'd show them!

This year, however, was different; Jose was sure his time had come. A broad grin lit his dusky face as he cried his wares, his donkey bravely perked up his one flappy ear, the beggars were less insulting when he ignored their arrogant demands, and even the Spanish sun shone brighter upon a still bluer sea. Today was the day of days!

That night a small group of friends gathered before a rickety cafe to hear Jose rave excitedly about what he was going to do with the prize money he had surely won that day, until only his flashing eyes and teeth could be seen in the shadows. For even a Spaniard sometimes dreams of castles in Spain.

The next morning, when the sun first peeped over the distant hills, Jose was merrily whistling a cheery Spanish song as he prepared to leave on his daily rounds. Suddenly his comrades of the night before burst in upon him. "You've won! You've won! First prize! Five hundred thousand pesos!" they shouted, slapping him on the back.

Jose dropped stupefied upon a rude bench. "Five hundred thousand pesos," he muttered slowly. "Five hundred thousand pesos. Now I can live in a fine house, respected by others. Now my poor donkey can grow fat on oats and hay, instead of starving on coarse straw."

He leaped to his feet to shout and scream, but the shock was too great. His face whitened; he clutched at his heart, slowly doubled up, and crumpled lifeless in the arms of a friend.

There was a guilty silence. Someone coughed huskily.

"Poor old Jose," another sighed, looking mistily out through the doorway at a one-eared donkey standing patiently in the street. "We should not have tricked him so. It would have been better if we had told him in the first place that he hadn't won the lottery."

In Memory of Our Beloved Principal
John J. Butler

The flagpole in front of the school gently sways;
But the flag flies at only half-mast today.
For he has left us to go up Above;
To God with his wonderful goodness and love.
And we shall miss him and his smile,
But we shall think of him all the while.
We'll miss his voice echoing down the hall
But we'll miss his presence most of all.
And still the flagpole gently sways
And still the flag flies half-mast today.

—*Pauline H. Childs*

On Your Own

To those of us who'll go no further
Along the road of education,
Let me express my dearest wishes
That you succeed in your vocations.
You've gone through life so far depending
On your parents' love and care.
They've guided you and helped you through
Your hardest problems—they've done their share.
But these fond days are swiftly ending,
The time has come when you must start
To do the work that others strove for,
And do it with a loyal heart.
You must carry the torch to greater heights
From where it never before has shone.
Master responsibilities;
Remember—you're on your own.
And you who have the great advantage
Of going on with student life—
You're chosen to lead the world of tomorrow.
Lead wisely—bring us joy, not strife.
Take advantage of your chances;
Work hard—you've got a lot to do.
Your task is great, but you can do it.
We have the deepest faith in you.

A Human Being

A human being is a funny creature. He considers himself more important than anything else in the world. He is unpredictable and finds it hard to adjust himself to things inconvenient. A day filled with sunshine rises over him. He considers it too hot to live and wishes a breeze would come along. A cool, rainy day descends upon him. He hates the cold and the damp and why in tarnation doesn't the sun ever shine! A human being, when he wants something, does either of two things: he fights tooth and nail 'til he gets it, or he gambols about like a friendly young puppy.

He considers himself the most understanding of creatures. Yet he doesn't understand why people have to treat him the way he treats them. He won't condescend to speak to some humans, but he raves and sobs if anyone snubs him. He may be a most charming person when he is in a group. But fortify him with an automobile that can do eighty an hour without any effort and he is a ruthless devil.

He considers himself lucky to live in America, when he finds time to think about it. He reads that his worst business rival is to spend three months touring Europe, and he immediately plans to have six months of self-satisfaction touring the same continent.

Yet for his faults, the human being has two virtues. He seldom knows when he is beaten, and down underneath he is as sympathetic as they come. He builds great empires and remembers his faith. A human being is a very great person.

—Mary B. Ladd

Bells, Bells, Bells

To begin our miscellaneous collection, we have the bell that proclaims that school has begun. This is closely followed by another which, to those who are outside their home room without official sanction, says, "You're late; go to the office for a slip."

The next bell is an important one, whether it comes five or sixty minutes later. Ready or not, mostly not, you must start your daily grind. If you are lucky, you have a study period first; but invariably I feel sick right here, for I never have a study period first and I always have some unfinished homework.

The warning bell (it's called a bell, but it's a buzzer) tells of the nearing end of the period. Because this bell rings regularly every period, no one is quite sure if it has rung or not.

Classes change on the next bell. The only unwelcomed bell is the clang which marks the end of recess.

The final and climactic bell announces that school is out. A feature of the last event—when the hands of the clock click—muscles tighten, the hand slides ahead, the bell rings (what a groan when it doesn't) is the mass sprint for the door.

Ode to the Statue of Abraham Lincoln

Once you were just a jagged stone
Down in a quarry.
Just like many another stone--
Perhaps not even so well cut as some.
But then, one day, a workman happened by,
And as his eyes fell on you,
He must have seen something there
That others didn't.
The rocky walls, the clanging tools,
Faded into the background,
And with his eyes fixed upon the future,
He saw a wondrous creation.
How can it be possible to form a personality
Out of inanimate calcium carbonate?
Moreover, one who embodies all the goodness
Of a great nation?
But the workman persevered, for he knew that some day
His work would stand revealed,
And all the World and His Wife would walk by
Just for a glance.
Thus, born of a sculptor's fancy,
Came this masterpiece.
One of the world's greatest treasures in marble—
Abraham Lincoln!

To An Old Church

I've passed you a million times more or less,
And you seem to present a picture of loneliness.
For you stand apart in the busy streets' chatter;
I wonder if to you the loneliness matters.
In the vine that covers your stony wall,
The birds have their nests there.
For you to protect from the cold rainfall.
And I've thought many a time as I passed you by;
Of the time when your doors were opened wide;
And people came from every place,
To worship God's undying grace;
And to Him their praises sang,
Until your rafters loudly rang;
But now no one enters the silent portals,
And many rest with the immortals.
But, Little Church, there may come a day
When you'll not be lonely but very gay.

Behind The Wheel

The motor car is a wonderful thing,
It makes a man feel like a king.
Place him behind a wheel of a Ford,
And perhaps he'll be a little bored.
But put him in a Cadillac,
And on the others he'll turn his back.
Thirty miles an hour is just a whim—
Seventy is the speed for him.
He's well brought up when on shank's mare,
But in his car, he's devil-may-care!
He has a lot of good, strong nerves,
When going round those hairpin curves.
He shows a lot of might and main,
Every time he beats a train.
He fancies that he's very wise,
When he can pass "those other guys."
When two both want one parking space,
The driver's good who wins the race.
Lincoln Twelve or Chevrolet,
Every driver will have his day.

A Poet's Lament

Can you forgive, when hatred tears your soul apart,
And angry words and murder fill your heart?
Can you forget the wrong that has been done you,
But still remember good bestowed upon you?
Ah no, it is not human for a man to be
Endowed with such philosophy;
For man's a cruel, selfish beast
Who'll ne'er be satisfied with least,
But get the most he can from life,
Through fire and flood and endless strife;
For thoughts that lurk in minds of men
Are far beyond a poet's pen.

—*Kevin Keenan*

Our Hearts Linger On

Four happy years have now passed and gone,
Sweet is each memory burning clear;
But why is it that our hearts linger on
To part from teachers and comrades so dear.
A bright, new world now before us lies,
Where shall we go; what will be our tool;
Whatever be the cares at which we may strive,
We shall always pay allegiance to our own
Lewiston High School.

—*Annette Kirouac*

To Dream

To dream, and wander here and there
  Throughout the country side;
To dream, and wander everywhere,
  But still at home, abide.
An easy chair, a fireplace,
  A book or two of verse,
Philosophy, the human race—
  Ah, what a regal purse.
To dream, and still retain ambition,
  Is quite a task, it's true;
But dreaming with an intuition
  Will make a man of you.

—Kevin Keenan

It's Too Late Now

It's almost June an' it seems to me
I should feel kinda glad—but gee—
I ain't as happy as I thought I'd be!
I've been thinkin' hard of late—you know,
'Bout graduation and leavin',—and so—
But now the time's most here, I hate to go.
No more lessons—but they weren't so bad!
An' I couldn't really complain 'bout the teachers I had;
I guess that's why I can't help feelin' sad.
Don't think I ever did really appreciate
The fun I was havin'—but it's kinda late
To regret it now, I'm gonna graduate.
Listen, you fellers, who still have to go;
Don't begrudge another year or so;
They're really the happiest you'll ever know.

—Theresa Murphy

Old Glory

What a beautiful name, and how fitting
For the flag of the brave and the free,
I thought as in my seat I was sitting,
And saw you fluttering in the breeze.
Old Glory, with colors of red, white and blue;
You've been carried by boys whose hearts were as true,
And as clean and as pure as a June morning's dew.
If you could talk, I know you would tell,
Of long weary marches through mountains and dell;
How bravely they fought and silently fell;
We do not know all of them, but you do well.
But bravely they've fought and they've brought you through,
That we might have freedom and the Red, White and blue.

The Blue Devils

Lewiston Blue Devils went to town,
To lead the Pine Tree State;
The "40" Team was strong and fast,
While crowds thronged through the gate.
One by one, each game was won,
Each team fell in its turn;
No team too tough for Hyme's men,
Their coach so kind yet stern.
"Jiggs" Delisle in battle array,
"Little" McMahon was tops for speed,
"Blondie" Grimmell held the foe at bay,
Palman was there in work and deed.
Parent had size as well as brain,
Miller at tackle always in need;
Robertson's technique helped for a gain,
Eretzian had strength as well as speed.
Gibson knew when to call his plays,
Dionne had fame as an End;
Boisvert served at "Back" for days,
For the Blue Devils' fame to defend.

Rain

The rain makes some people lonesome,
And even makes other people blue,
But I love the sound of the pattering rain
On the roof and windows, don't you?
It falls from the dark gray clouds overhead
And sprinkles each little flower bed;
It makes the grass look fresh and green,
And fills the lakes and mountain streams,
Till they're bubbling over with snow white foam,
As they pass over ledges, pebbles, and stones
To finally join the brimming sea.

A Transition

The Freshman is so very shy,
  He thinks of the Senior and heaves a great sigh;
The Sophomore feels a little better,
  And resolves to do his work to the letter;
The Junior has more confidence,
  And looks down upon his audience;
The Senior, though, does take the cake,
  Trying to act dignified for the Freshman's sake;
Because he has finally reached his goal—
  Graduation—worth waiting for, on the whole.

Smiles

A smile is quite a funny thing;
It wrinkles up your face,
And when it's gone, you cannot find
Its secret hiding place.
But far more wonderful it is
To see what smiles can do;
You smile at one, he smiles at you,
And so one smile makes two.
He smiles at some one, since you smiled,
And then that one smiles back;
And that one smile, until in truth,
You fail in keeping track.
And since a smile can do great good
By cheering hearts of care,
Let's smile and smile, and not forget,
That smiles go everywhere!

—Gilberte Brillant

4. "Smoothie"—Usually expressed by a female in regard to a man and his actions.
   Example: (He's quite the smoothie.)
5. "Jive"—A series of movements, contortions and gyrations of the feet in different directions.

Why Didn't I Think of That?

When I entered as a freshman,
And my aim was mastering my math,
I looked back to the eight years behind me, and said
"Why didn't I think of that"?
The next year, of course, I was a sophomore
And my troubles were beginning to load—
I picked up my pen and struggled—
But why didn't I think of that?
A year has passed, I'm a junior!
Oh, yes, I own the school,
Why couldn't I tell them where to get off?
Now, why didn't I think of that?
Then, at last, I was a senior
My heart was heavy and cold,
But what have I gained in my four years?
Now, let us all think of that.

A Bequest

With pride we happy seniors
Confer on you next Fall,
The school and its possessions,
Misfortunes, fun and all.

At last we've won our victory,
Our high school days have flown,
Although we've had our ups and downs,
They're the best days we have known.

He who "just loves" History
I'll say is a lucky one,
To him who inherits our History book
We wish you *loads* of fun.

And to our football hero
Upon his boyish face,
Since Jiggs Delisle must leave you
He wills his last year's place.

Kay O'Connell wills you
A gift of a special kind,
Why she can blush 10 times a day
And doesn't even mind.

I'm sure Louise and her brother
Cannot come in at eight,
For almost every other day
One of them is late.

"Syl" Lifshitz leaves her chauffeur
And his limousine,
We had to find out for ourselves
Her modesty's extreme.

To Rita Silvia it does belong
The title to "La Première Place,"
She wills it to some genius
And president of the class.

Miss Kirouac leaves to some nice girl
With brown eyes and dark hair,
The right to all her honors
She received while she was there.

I'm sure there must be one of you
Who would adopt the way
Of Maurice, our class poet
And manager of our play.

Noela Gilbert leaves the stunt,
Yes, anyone may be free
To tumble and fall downstairs or up
Whichever it may be.

If anybody envies
A wicked, icy glare
Irene Hennessey leaves with you
Her own carbolic stare.

To someone who can prosper,
Beatrice Pelletier sweet and small
Wills her poise and gentleness
Her timidness and all.

"Jacky" Butler wills her treasure
She didn't need a key
To open an argument
And let her temper flee.

"Gert" Bedard would transmit to one
As friendly and gay as she,
Her locks and pretty features,
But you know that can not be.

To one of our comedians
We owe our many thanks,
Doris Gurney has provided us
With laughs and witty pranks.

Talk about ambition
Jeannine sure takes the cake,
Her work's all finished for the year
She's certainly up to date.

Whose going to the Fair Grounds?
Roger Dube doesn't care,
Since he has his new roller skates,
Friday nights you'll find him there.

If you think women are curious
You've got our number wrong,
Why a girl can't even pass a note
The boys' noses are so long.

"Gerry" Berube our gifted singer
None would dare deny,
Will some day be the pride and boast
Of good old Lewiston High.

Well, to you we leave our worries
I guess we've had our share,
But don't you fret, you juniors,
The sophomores will get theirs.

To her who may endeavor
Next to write your poetry,
I wish you all the best of luck
'Til next year's jamboree.

—*Priscilla Guilmette*

Can You Imagine?

Evelyn Grondin not giggling?
Rita Silvia not getting honors?
Doris Houle without her lipstick?
Lucille Belanger being late for school?
Annette Kirouac not studying?
Louise Russell not being well dressed?
Georgette Samson not being polite?
Arolyn McLain without "that grin"?
Marcel Carbonneau growing a few more inches?
Maurice Labrie without *Booster* material?
Muguette Gervais without a pleasant smile?
"Val" Power without her roadster?
June Crowley quiet a whole period?
Dorothy Smith not drawing pictures all day?
Esther Randall at a loss for words?
Maurice Labrie with a "Harvard" haircut?
Betty Lever not being able to ride a horse?
Donald Maliar saying one word in class?
Madeline Butler not being able to debate?
Louise Lown not being able to play golf?
William Rowen without his briefcase?
Tom Powers wearing anything but tweeds?
Karl Toner not daydreaming through every class?
Eddie Hayes being the quietest boy in the class?
Sonny Pitcher without his remarkable sense of humor?
Albert Ehrenfried not playing tennis every warm afternoon?

Ode To Our Teachers

My friends, advisers, jailers, all in one,
This simple verse is really meant for you
You try so hard to teach me what you know,
But what I learn in books is not so much
As that which kindness teaches to my heart;
It's that appreciation of the good
That comes from doing best in my own part.
I do not love all teachers, only those
To whom I am a person, not a case;
Those teachers who teach not so much with rules
As with a kindly heart and with a face
That brings not fear, but confidence and faith,
That smiles in sympathy for my poor wit.
